## What's in Your Neighborhood? Scavenger Hunt

Take a walk around your neighborhood!  
Can you find the people, places, or things in the rhyme?

---

One cloud, two clouds, sun shines bright, feel a breeze and spot a kite.

Summer's here, flowers bloom, find some petals, **red** or **blue**.

Booming thunder, billowing clouds, feel cold drops of rain showers.

**Brown** house, round house, houses square, find a door preceded by stairs.

Rabbits nibble, squirrels chatter, spot a robin as it gathers.

Two pesky flies, three bumble bees, can you see one spotted beetle?

People, people everywhere, can you find one with long hair?

Tall one, short one, in between, spot a person wearing **green**.

Signs, words, ABCs, find the numbers **1**, **2** and **3**.

Shapes day and night, shapes near and far, try to spot a shining star.
