Drawing Tutorials

Follow the steps to draw the pig flying thru the sky. This image is based on David Wiesener's "Tuesday" book.

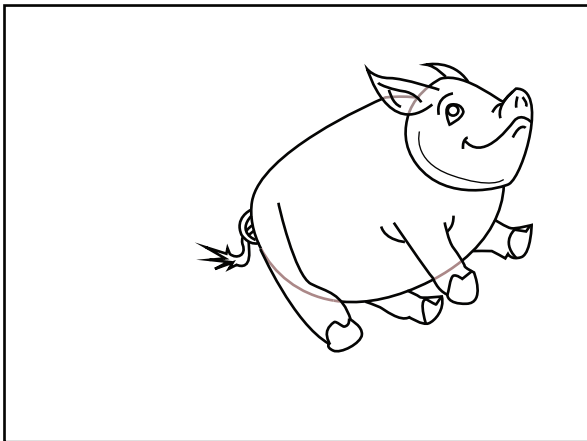

When starting the drawing use light sketch lines. It's easier to erase light lines than dark lines.

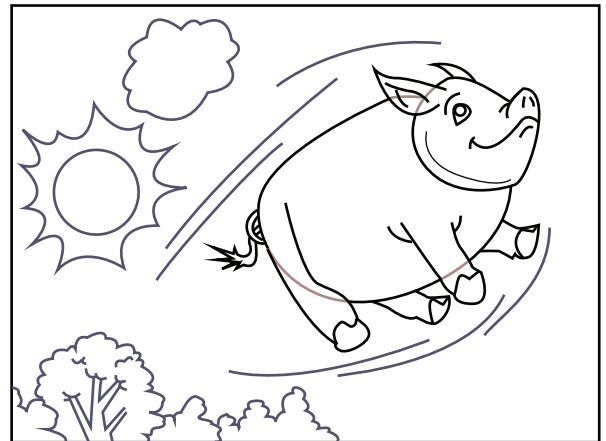

1) Draw the pig's head and body shape.

2) Add the ears, eyes, nostrils, and mouth. The gray lines are to be erased.

3) Add the legs and tail.

4) Add motion line, cloud, sun, and trees.

6) Erase the extra lines and now the flying pig is ready for coloring.
