

# Games Around the World

Each bag includes:

- 6 games with instructions and 5 game boards
- 14 buttons, 2 of each color

[These games and more are also found on the 'What Do We Do All Day' website.]

I love games! These traditional games are simple but not always easy. They involve strategy (which takes time to learn) and have some similarities even though they were developed all over the world! If you like to learn games by watching there are videos for each of the games linked on the webpage for this kit or on the above site.
