LIBRARY TRUSTEES PRESENT:
Grace Atkins, Claire Chang, Sida Ly-Xiong, Sylvia Neblett, Steve Woods.

STAFF PRESENT:
Jake Grussing, Library Director; Pang Yang, Deputy Director; Jeff Eide, Senior Library Manager; Chuck Wettergren, Digital Services Manager; Jason Lyons, Digital Services Librarian; Jenny Jackson, Digital Services Librarian; Julie Comine, Clerk Typist; Maggie Soukup, Library Board Coordinator.

OTHERS:
Victoria Reinhardt, Ramsey County Commissioner; Ling Becker, Director of Workforce Solutions; Mary Worley, Executive Director, Friends of the Ramsey County Libraries; Les Sipkma, Shoreview Resident.

CALL TO ORDER:
Woods called the meeting to order at 6:30pm.

PUBLIC COMMENT:
Les Sipkma, Shoreview resident asked for more detail regarding the progress of the Maplewood renovation project. Specifically, he would like to know more about the following updates: the square footage reserved for the Service Center, the teen area location within the library and if there will be glass walls around it, how the County’s plans to acquire the specific type of ceiling (is this correct?), and if HGA has contracted with a specific vendor to address the acoustic issues.

Julie Comine, Clerk Typist for the Ramsey County Shoreview Library, shared that the State Frontline Worker Pay, a program that is allowing Minnesotans who worked the frontline during the pandemic the opportunity to apply for pandemic-related payment, excludes the library staff. Comine reminded the Trustees that library staff provided continuous support to the community without interruptions throughout the peacetime emergency. She explained that the local unions as well as the Library Directors across the Metro area have communicated with the state officials trying to reclassify the eligibility. Comine asked the Trustees to advocate on behalf of the Library staff to their local elected officials and provided contact information.

Commissioner Reinhardt shared that Ramsey County has gone on record to declare library workers as essential workers and that the County will support the local AFSCME union in the efforts to get that message across to the state officials.

APPROVAL OF THE AGENDA:
Neblett made a motion to approve the agenda as presented. Atkins seconded the motion, which was approved unanimously.

CONSENT AGENDA:
Neblett made a motion to approve the consent agenda items as presented. Atkins seconded the motion, which was approved unanimously.

DIRECTOR’S REPORT, JAKE GRUSSING
May Staff Updates
We congratulate the following staff who were promoted:

- Megan Demeuse, Librarian at RCL – Roseville (working out of class)

We say farewell to the following staff who resigned:

- Pa Lor, Library Page at RCL – Maplewood

Maplewood Renovation
Chair Steve Woods, Vice Chair Sylvia Neblett, and the County team of Monica Stratton, Pang Yang, Mickey Ladich, and Jennifer McMaster continue to work with Adolfson & Peterson and HGA on the renovation project. Currently, the team is validating direction for interior finishes, approving quantities and locations for equipment, and approving designs and locations for service desks. The most recent meeting was in person, and the excitement around this project is increasing as it moves from concept to reality.

Frontline Worker Pay
Minnesota’s Department of Labor and Industry (DLI) opened the Frontline Worker Pay application period on June 8. We shared this information with staff so they could connect residents with the opportunity.

Eligibility criteria for Frontline Worker Pay, which were set forth in the Frontline Worker Pay law, did not specifically call out public library workers. When the program was first announced, several metro area library directors advocated for the inclusion of public library workers, but those efforts did not yield the desired results. The explanation from the Department of Labor and Industry noted that public library services are in the information services sector, which was not included in the frontline sector definition.

Given that for the past two years our library workers and others across the state have demonstrated their ability to reinvent services, programs, and spaces to meet urgent community needs, the exclusion of public library workers is disappointing. I am grateful to Ramsey County for recognizing library staff as essential workers through its own pandemic pay effort.

Welcoming Residents to Our Spaces
With the start of summer programming, our libraries are seeing an increase in the number of residents visiting our spaces. Some of those faces are familiar, and some are new. With that in mind, I want to share an excerpt from a message one of our staff sent me:

> It seems easy enough to explain to staff the importance of a simple greeting. And yet it continues, at times, to be shrugged off as a "given," or a "formality." But upon deeper reflection one might realize how important it is not just generally, but particularly when a patron’s body language indicates (and it’s often very clear) that they are visiting for the first time and, for one reason or another are experiencing discomfort. And taking it a step further, it can truly be a make or break moment for individuals who identify as immigrants, many of whom are recent arrivals likely asking themselves if and how their different culture and a language barrier, might impede their first library experience. It’s at once exciting and a bit sad to see how positively these people respond to a simple, genuinely welcoming comment. Exciting because it feels like a small, invisible barrier may have disappeared in that instant, and sad because their initial trepidation tells me that they haven't always be welcomed so openly in other venues. Empathy in these encounters is not difficult to find if one would genuinely try to put themselves in these people’s shoes, and try to recognize that what might seem routine to us can be (no exaggeration) an act of courage for some others.

As residents return to our spaces, staff are working hard to truly see and welcome them with brief eye contact, a nod, a smile, and a friendly greeting. I want to thank John Bergeron, Principal Circulation Supervisor, for so
eloquently articulating what we stand to lose if we aren’t intentional about doing those small things that let residents know we see them, we hear them, and we are here to help them.

Library Emergency Cooling Center
On Monday, June 20, Ramsey County libraries in Maplewood and Roseville extended their hours to serve as emergency cooling centers from 8pm-11pm that evening. Emergency cooling centers are activated when heat indexes are predicted after 9pm to be at or above 90 degrees for more than 1 hour. As the decision to activate emergency cooling centers is dependent on weather forecasts, the situation remained fluid until 24 hours before activation. Because of the staff who were willing to work additional hours and the supervisors who coordinated the details of extending library hours, we were able to serve residents well. Approximately 40 residents used the libraries not only to cool off but also to access computers, use study rooms, check out materials, and receive food and water. This was a true team effort, with critical support from Emergency Management, Property Management, and Communications. Thanks to everyone who made this happen.

RCL-Shoreview Branch Manager Update
First round interviews are scheduled for the last two weeks of July and second round interviews are scheduled for the first week of August. We look forward to welcoming the new Branch Manager to our team by mid-September.

Countywide Updates
1. 2022 Strategic Plan
Ramsey County’s [2022 Strategic Plan](#) is now available online. The priorities outlined in the plan set an 18-month outlook to guide our collective work and advance our goals of strengthening well-being, cultivating prosperity, enhancing opportunity, and modeling accountability. As the library is one among many departments that support and deliver on the plan, I encourage Trustees and staff alike to reflect on how our work aligns with these priorities and how they can be reflected in our departmental strategic plan.

2. Smoking and Commercial Tobacco Use Ordinance
On August 26, 2022, the Ramsey County smoking and commercial tobacco use ordinance will go into effect. The Board of Commissioners adopted the ordinance at its July 12 meeting. The ordinance will prohibit smoking and vaping commercial tobacco product use:
- On property owned, leased, rented, contracted or otherwise used or controlled by Ramsey County.
• In both indoor and outdoor spaces.
• In private vehicles parked on Ramsey County property.
Because the new ordinance applies to the spaces in and on which we provide library service, staff will be working with our county colleagues on communication and enforcement.

Resolution Regarding the Retirement of Donna Lennon

Whereas, Donna Lennon has been a Ramsey County Library employee since September 1996; and

Whereas, During her career at Ramsey County Library she has worked as a Librarian 2 at Maplewood, White Bear Lake, and the Roseville branches; and

Whereas, Donna had a strong desire to help patrons with their information needs and help them on their journey to lifelong learning. Her dedication to helping patrons was evident in her work out on the desk. She always went the extra mile. Donna kept meticulous notes when managing the periodicals and always was well-prepared with research before presentations; and

Whereas, Donna was a careful and a conscientious coworker. She was known for her kindness, her gentleness, her dignity, and her grace. She was thoughtful and patient and attentive to detail. She was prompt in a culture of lateness. RCL is losing a fantastic employee; and

Whereas, Donna has decided to retire from her position of Librarian 2 effective July 15, 2022; and

Library Board Chair
Adopted July 20, 2022
SUBJECT:
Audio Visual Materials Contract

BACKGROUND:
Ramsey County Library obtains the bulk of its DVDs and music CDs through a primary audio-visual materials vendor, currently Baker & Taylor. The term of Baker & Taylor’s contract will expire on July 31, 2022, with no renewals remaining. The original five-year contract term expired in 2020, and two emergency extensions were approved by the Library Board due to a backlog of pandemic-related solicitation requests, and a staffing shortage in Ramsey County Procurement.

In accordance with Ramsey County solicitation policies, Procurement staff worked with Library staff to prepare a request for bid for the services of audio-visual materials vendors. Responses were due on July 14, 2022, and bids were received from three vendors:

1. Baker & Taylor LLC
2. Ingram Library Services, Inc.
3. Midwest Tape LLC

An analysis completed by the Procurement staff included reviewing discounts on materials and costs for processing. The lowest responsive and responsible bidder was Baker & Taylor.

BOARD ACTION REQUESTED:
Approve award of the contract of primary audio-visual materials vendor to Baker & Taylor LLC, and delegate authority to the Library Director to sign the contract. The contract period shall commence August 1, 2022 and run through July 31, 2027. Contract subject to approval by Ramsey County Procurement and the Ramsey County Attorney’s Office.
SUBJECT:
Report from Commissioner Victoria Reinhardt.

BOARD ACTION REQUESTED:

The Shoreview Branch of the suburban Ramsey County Library system is a popular part of the Shoreview Commons. Nice, relatively new building. Large kids area, internet computers, and books, movies, and audiobooks. Large print fiction selection is a bit limited but you can order books from any MELSA library online and pick them up here.
